LATE ORDERS: There will be NO hot food orders accepted AFTER 9am as this becomes a food safety issue. If a child brings a hot food order after this time, they will be asked to change their order to a sandwich or a wrap.

FOOD FROM HOME: Regulations prohibit the preparation of food from external sources, this includes fruit break.

CUTLERY ITEMS are provided for items purchased from the Canteen. Any utensils needed for your child to consume their food brought from home will incur a charge of 20c

FOOD DELIVERY: Teachers send for the first and second break orders and distribute the orders to the children.

EMERGENCY LUNCHESES: If a child forgets to place their order or have forgotten their food, there will be a small selection of pre-made lunches to choose from. A letter will be sent home with the child to his/her carer requesting payment be sent to cover the cost of the provided food. Canteen staff will write this letter and forward to the child via the classroom bag in the afternoon.

MORNING AND AFTERNOON BREAK LINES: Kindergarten students will have priority use of the line to the right hand side of the canteen (in front of the slushy machine) for the duration of TERM ONE. This will build their confidence in the use of the canteen and its procedures. When the kindergarten students have completed their purchases all other students may then join this line.

SPENDING MONEY: If you are giving your child money to spend at the Canteen, it is important that they do not have too much money (a suggested amount of no more than \$2). Students are only permitted to buy for themselves, not their friends.
