It is a guide so they can check down the list the things they need. Please keep this tag on the side of your child's bag.</p> <p>Each day, please discuss with your child how they are getting home. Select the appropriate tag and place that on the clip in front of the long, rectangular bag tag.</p>
	<p>Your child's document folder is a way of communication between home and school. When your child begins their reading journey, their reader will come home in this folder (if your child does not have their folder at school, they will not be given a reader that may be ruined in their bag).</p> <p>Please check this daily for important information from the school.</p> <p>This folder is to come to school every day.</p>
