

Drive Through Reminders

We kindly ask families to support our **morning and afternoon drive through**

procedures to help keep everyone safe. In the mornings. If you have parked your car and are picking up your children, please collect your children from the Cola area, through the front gate. We have noticed a lot more pedestrian traffic in the Drive Through area of an afternoon and it is becoming congested.

Please **do not park on the roundabout or in front of the school between 8:20am and 8:50am**, as this area is needed for drive through. Buses are unable to park safely or move around the roundabout freely to exit the site. This also applies in the **afternoon between 3:10pm and 3:30pm**.

In the afternoons, please wait on Dulkara Road at the “No Parking” sign until 3:10pm, when drive through officially begins. Drivers may enter the school grounds at that time. Try to get there as close to 3:10pm as possible because it is a no parking zone up until 3:30pm. **It’s important that Meecham Way remains clear** so that general traffic and emergency vehicles can access the school if needed. While we acknowledge that some drivers have been parking just inside the school grounds, we do need to keep this entryway open.

When leaving the school grounds, please be mindful that there is no right turn coming out of the school between the specified hours.

Finally, for families using Before and After School Care or Playgroup, please avoid parking across the staff car park entry/exit so that staff members can exit the premises.

Thank you for your cooperation and understanding in keeping our school community safe and organised.
